Is our building ready?

One page for neighbours. Ten minutes, once a year.

- [ ] We have our neighbours' phone numbers in a group and on paper.
- [ ] We know which neighbours may need help: older people, people with limited mobility, families with small children.
- [ ] Stairs, entrance and exits are kept clear.
- [ ] We know where the building's water stopcock and fuse box are.
- [ ] We have a meeting point outside the building.
- [ ] Every home has water for 3 days: 3 litres per person per day.
- [ ] Every home has a torch, a battery radio, a power bank and some cash.
- [ ] In an emergency we follow the authorities' instructions and call 112.
